From the Principal

ISTE Standards for Students (International Society for Technology in Education)

Empowering students to become lifelong learners and providing them with the skills to face future challenges resourcefully and creatively is critical. It's not about using digital tools to support outdated education strategies and models; it's about tapping into technology's potential to amplify human capacity for collaboration, creativity and communication. The ISTE Standards provide a framework for rethinking education, empowering learners and amplifying learning with technology. At St. John Bosco, we are preparing students for a future that we cannot yet imagine. Returning this year on the report cards will be benchmarks based on the following standards for all students. We are also beginning our journey in coding with our youngest students in 4K - 3rd in early October.

Empowered Learner

Students leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.

Digital Citizen

Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.

Knowledge Constructor

Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts

and make meaningful learning experiences for themselves and others.

Innovative Designer

Students use a variety of technologies within a design process to identify and solve problems by creating new, useful or imaginative solutions.

Computational Thinker

Students develop and employ strategies for understanding and solving problems in ways that leverage the power of technological methods to develop and test solutions.

Creative Communicator

Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.

Global Collaborator

Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

Mrs. Dassel

Picture Day

St. John Bosco School will be having Harmann's Studios take our school pictures this year. Picture day will be on Monday, October 9th. An order form with a preview of the picture will be coming home with your student on the day of pictures. Call the school office if you have questions.

Free Money for St. John Bosco

Continue to save Box Tops for Education and Econo Food Receipts. It is an easy donation to our school and every little bit adds up. With the summer Econo receipts, SJB made approximately \$1453.87. Thank you for supporting our school!

Fire Prevention Presentation

The Sturgeon Bay Fire Department will have a Fire Prevention Presentation for our students in Grades 4K-5 on Friday, September 29.

Frozen Spoon Fundraiser

The Parent Association is sponsoring a fundraiser with Frozen Spoon, located at 210 S. First Avenue, Sturgeon Bay. We hope that you will join us. St. John Bosco will receive 20% of all (frozen treats and food) sales throughout the entire day.

THURSDAY, OCTOBER 5TH

4K Makes Applesauce

Mrs. Kacmarynski's 4K class made applesauce last week. The students had so much fun and the classroom smelled so good!

Immunization Clinic

Door County Public Health Department will be having a free immunization clinic on Friday, September 29 at St. John Bosco School for students in Grades 6-8. Please see the family folder for more information on what vaccines will be available. The consent form must be returned to school by Monday, September 25.

Room Parents Needed

The Parent Association is looking for room parents for 1st, 3rd & 4th grades. St. John Bosco is an exciting learning environment and place for personal growth.

Parents play a critical role. Your talents, ideas & enthusiasm are major factors in why this school is so special. Whether you have a little time, or a lot, please consider volunteering. You will find your involvement here personally rewarding and a great way to share your child's school experiences. Contact Lisa Heise at lisaheise3@gmail.com if interested.

Creative Spirits – Creative Souls

Our Playground Dedication took place on Friday, September 8. We had a wonderful turnout with beautiful weather for our special celebration. Mrs.

Dassler thanked our many contributors and volunteers who helped with this project. St. John Bosco school students, led by Mr. Newbern, sang our School Song and then Fr. Carl blessed the playground (and students) with holy water. The celebration ended with cotton candy, popcorn, custard, water and lemonade. It truly was a special afternoon at our school. The video of the entire project can be found on our school's Facebook page.

Sturgeon Bay School District Developmental Screening

On October 9, 2017, Sturgeon Bay School District will have a developmental screening for children 3 ½ to 5 years old. Please call 746-5855 to schedule an appointment. This screening is available to all district residents at no charge regardless of where the child will attend school. The full brochure is available in the school office.

Blessing of the Animals

The blessing of pets and animals is often celebrated on October 4, the feast of St. Francis of Assisi, or on a Sunday near that date. Many of us have a special bond with our pets. Please join us on Wednesday, October 4 at 7:55am in the school parking lot for our Blessing of the Animals. Stuffed animals are welcome for those children who do not have a pet of their own.

Grandparents/Grand Friends Day

Our Grandparents and Grand Friends Day is Wednesday, October 4, 2017. Grandparents and other older people are very special in children's lives, so we'd like to thank them. We will have Mass at 8:20am, followed by a school tour and snacks to follow. Goodbyes at 10:00am. Forms are included in the family folder. Please RSVP to the school office by Friday, September 29.

Maple Street Drop Off and Pick Up

Please remember that Maple Street is used primarily as a drop off/pick up and go spot for students. If you choose to walk your students to the parking lot or school building, please park in the upper Duluth parking lot. Also, for the safety of students, it is best not to park on the south side of Maple Street where the students must cross traffic to get to the school parking lot. Safety is a top priority at St. John Bosco School.
